Soundbar Mount M

for soundbars weighing up to 15 kg, compatible with monitors up to 49 inches (124 cm)

Size M

Up to 49 inches

Max. 15 kg

Universally applicable soundbar mount for installation specifically on monitor arms with VESA threads – also suitable for TV wall mounts or TV table mounts

The width of the soundbar support feet is infinitely adjustable, making them suitable for most soundbars from popular manufacturers such as Samsung, LG, Sonos, Sennheiser, Teufel and JBL

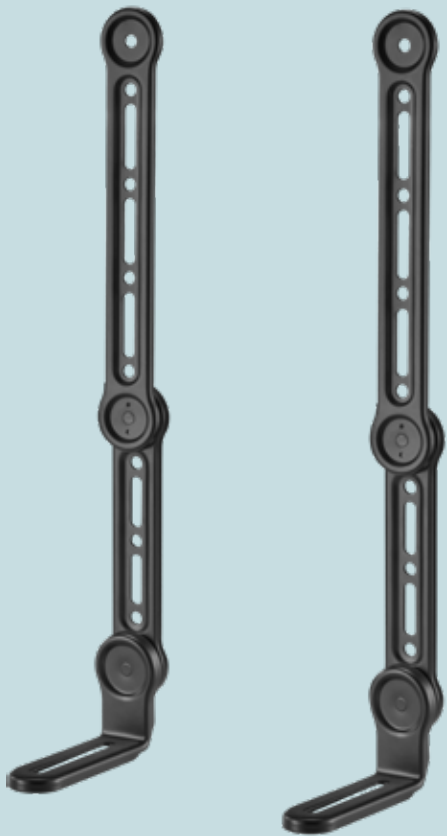

The soundbar can be positioned either below or above the monitor or television

Can be mounted on soundbars with threaded undersides or keyhole openings

The padded feet prevent scratches on the soundbar and compensate for potential vibrations during audio playback

With its compact and discreet design, the soundbar TV mount fits perfectly into any living environment

gobay® Basic

				Packaging: Retail Box

Soundbar Mount L

for soundbars weighing up to 15 kg, compatible with televisions up to 90 inches (229 cm)

Size L

Up to 90 inches

Max. 15 kg

Ceiling TV Mount

37 to 75 inches (94–191 cm), max. 50 kg, max. 400x400 mm (L)
37 to 86 inches (94–218 cm), max. 50 kg, max. 600x400 mm (XL)

Size L | XL

37–75 | 37–86 inches

Max. 50 kg

TV mount for installation on sloping or regular ceilings:
Especially practical when there is no wall available for mounting, e.g. in rooms with glass fronts

Maximum flexibility for an optimised viewing angle:
0/-25° tilt (up/down), +180/-180° swivel (left/right),
+2/-2° horizontal alignment

The telescopic arm can be adjusted in 6 steps between
52.7 cm and 77.7 cm in height

The ceiling plate can be mounted either flat on the ceiling
or at an angle of up to 45° on sloping ceilings – infinitely
adjustable and fixed with screws

The integrated cable management system discreetly
conceals the cables in the telescopic arm – for a clean look
without cable clutter

The TV wall mount is suitable for most curved and flat-screen
televisions from popular brands, such as Samsung (QLED and
LED), Sony, Philips and LG, as well as many sizes, including 37",
40", 43", 49", 50", 55", 58", 65", 75"

The TV mount is compatible with the VESA standard
400x400 mm and all smaller VESA dimensions

					Packaging: Retail Box

Projector Ceiling Mount M

max. 13.5 kg, tiltable and rotatable

Size M

Max. 13.5 kg

Universally compatible: Robust projector mount made of coated metal for small and medium-sized projectors from all common manufacturers

Flexible positioning: The ceiling mount can be tilted up to 15° up and down and rotated up to 180°

Tidy look: With a fixed ceiling distance of 15 cm, the projector mount is attached close to the ceiling – ideal for a discreet look without blocking the field of vision

Flexible width: The four mounting arms of the ceiling mount are infinitely adjustable, suitable for all thread diagonals between 13.7 and 32 cm

Easy to install: With the help of the included mounting materials, the projector mount is quick and easy to install

				Packaging: Retail Box					
Availability	Item no.	EAN	RRP	Pcs./master carton	Pcs./PU	Length	Width	Height	Weight
● exp. from week 30	80362	4040849803628	19.99 €	16	1	22.00 cm	13.50 cm	10.50 cm	1.150 kg

Ultralim TV Wall Mount FIXED L

32 to 75 inch (81–191 cm), max. 75 kg

Size L

32–75 inches

Max. 75 kg

Extremely flat TV mount with a wall clearance of only 9 mm, through which the device is almost flush with the wall and does not protrude into the room

Perfect for especially large and heavy TV sets up to 75 inches (191 cm) and 75 kg, easily and quickly attached using snap-on mounting

With handy, VESA-compatible distance markings for precise installation and alignment (mini spirit level included in the mounting kit)

The suspension brackets for the television are adjustable sideways and are therefore easy to align with the distance markings

The kickstand can be folded out between the device and the wall, creating space for conveniently changing or reconnecting cables – without having to remove the television from the wall

The TV wall mount is suitable for most flat-screen televisions from popular brands, e.g. Samsung (QLED and LED), Sony, Philips and LG, as well as for many sizes such as 32", 40", 43", 49", 50", 55", 58", 65", 75"

The TV mount is compatible with the VESA standard 400x400 mm and all smaller VESA dimensions from 200x200 mm

				Packaging: Retail Box

● exp. from week 30	80353	4040849803536	39.99 €	15	1	29.00 cm	11.50 cm	5.30 cm	1.270 kg

Ultralim TV Wall Mount FIXED XL

43 to 100 inch (109–254 cm), max. 60 kg

Size XL

43–100 inches

Max. 60 kg

Extremely flat TV mount with a wall clearance of only 7.5 mm, through which the device is almost flush with the wall and does not protrude into the room

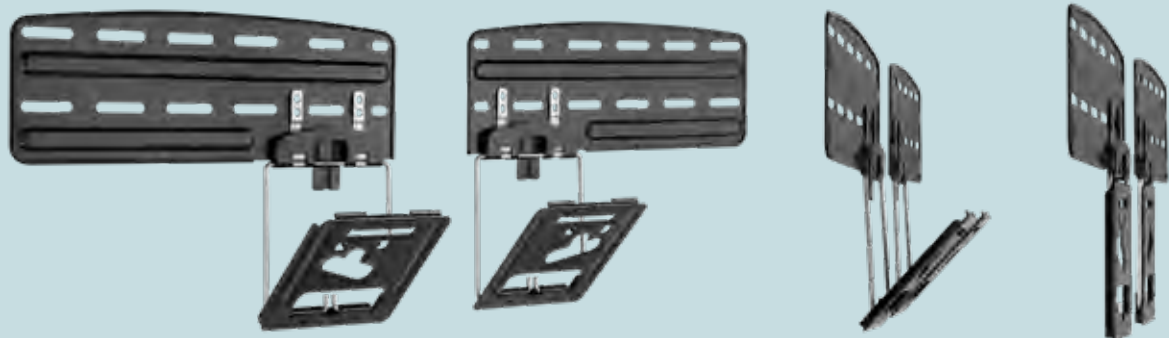

Perfect for especially large and heavy TV sets up to 100 inches (254 cm) and 60 kg, easily and quickly attached using snap-on mounting

The kickstand can be folded out between the device and the wall, creating space for conveniently changing or reconnecting cables – without having to remove the television from the wall

The TV wall mount is suitable for most curved and flat-screen TVs from popular brands. such as Samsung (QLED and LED), Sony, Philips, or LG

The TV mount can be installed freely and is compatible with all VESA dimensions from 150x150 mm

gobay® Basic

				Packaging: Retail Box					
Availability	Item no.	EAN	RRP	Pcs./master carton	Pcs./PU	Length	Width	Height	Weight
● exp. from week 30	80341	4040849803413	49.99 €	10	1	36.30 cm	16.20 cm	6.30 cm	1.650 kg

TV Wall Mount FULLMOTION S

13 to 43 inch (33–109 cm), max. 20 kg,
model-specific extension length max. 19.8 cm | 27.4 cm | 37 cm

3 sizes

13–43 inches

Max. 20 kg

Flexible TV mount for the optimal viewing angle: +5° to -15° tilt (up/down), +60/-60° swivel (left/right), +5° to -90° rotation; extension model-specific

Rotation angle up to 90°: Perfect for content in portrait format, e.g. social media and apps, as well as for using televisions as digital advertising boards or information boards in commercial and food service establishments

The TV mount is perfect for small devices in alcoves and under/between wall cabinets, e.g. in the kitchen or bedroom

With its pull-out range and a swivel function, the wall mount allows you to view the television even from difficult angles

For a discreet appearance, the mount achieves a minimum wall distance of 6.6 cm so that the television does not protrude into the room

The TV wall mount is suitable for most TVs from popular brands, such as Samsung (QLED and LED), Sony, Philips and LG, as well as many sizes, such as 13", 24", 27", 32", 40" and 43"

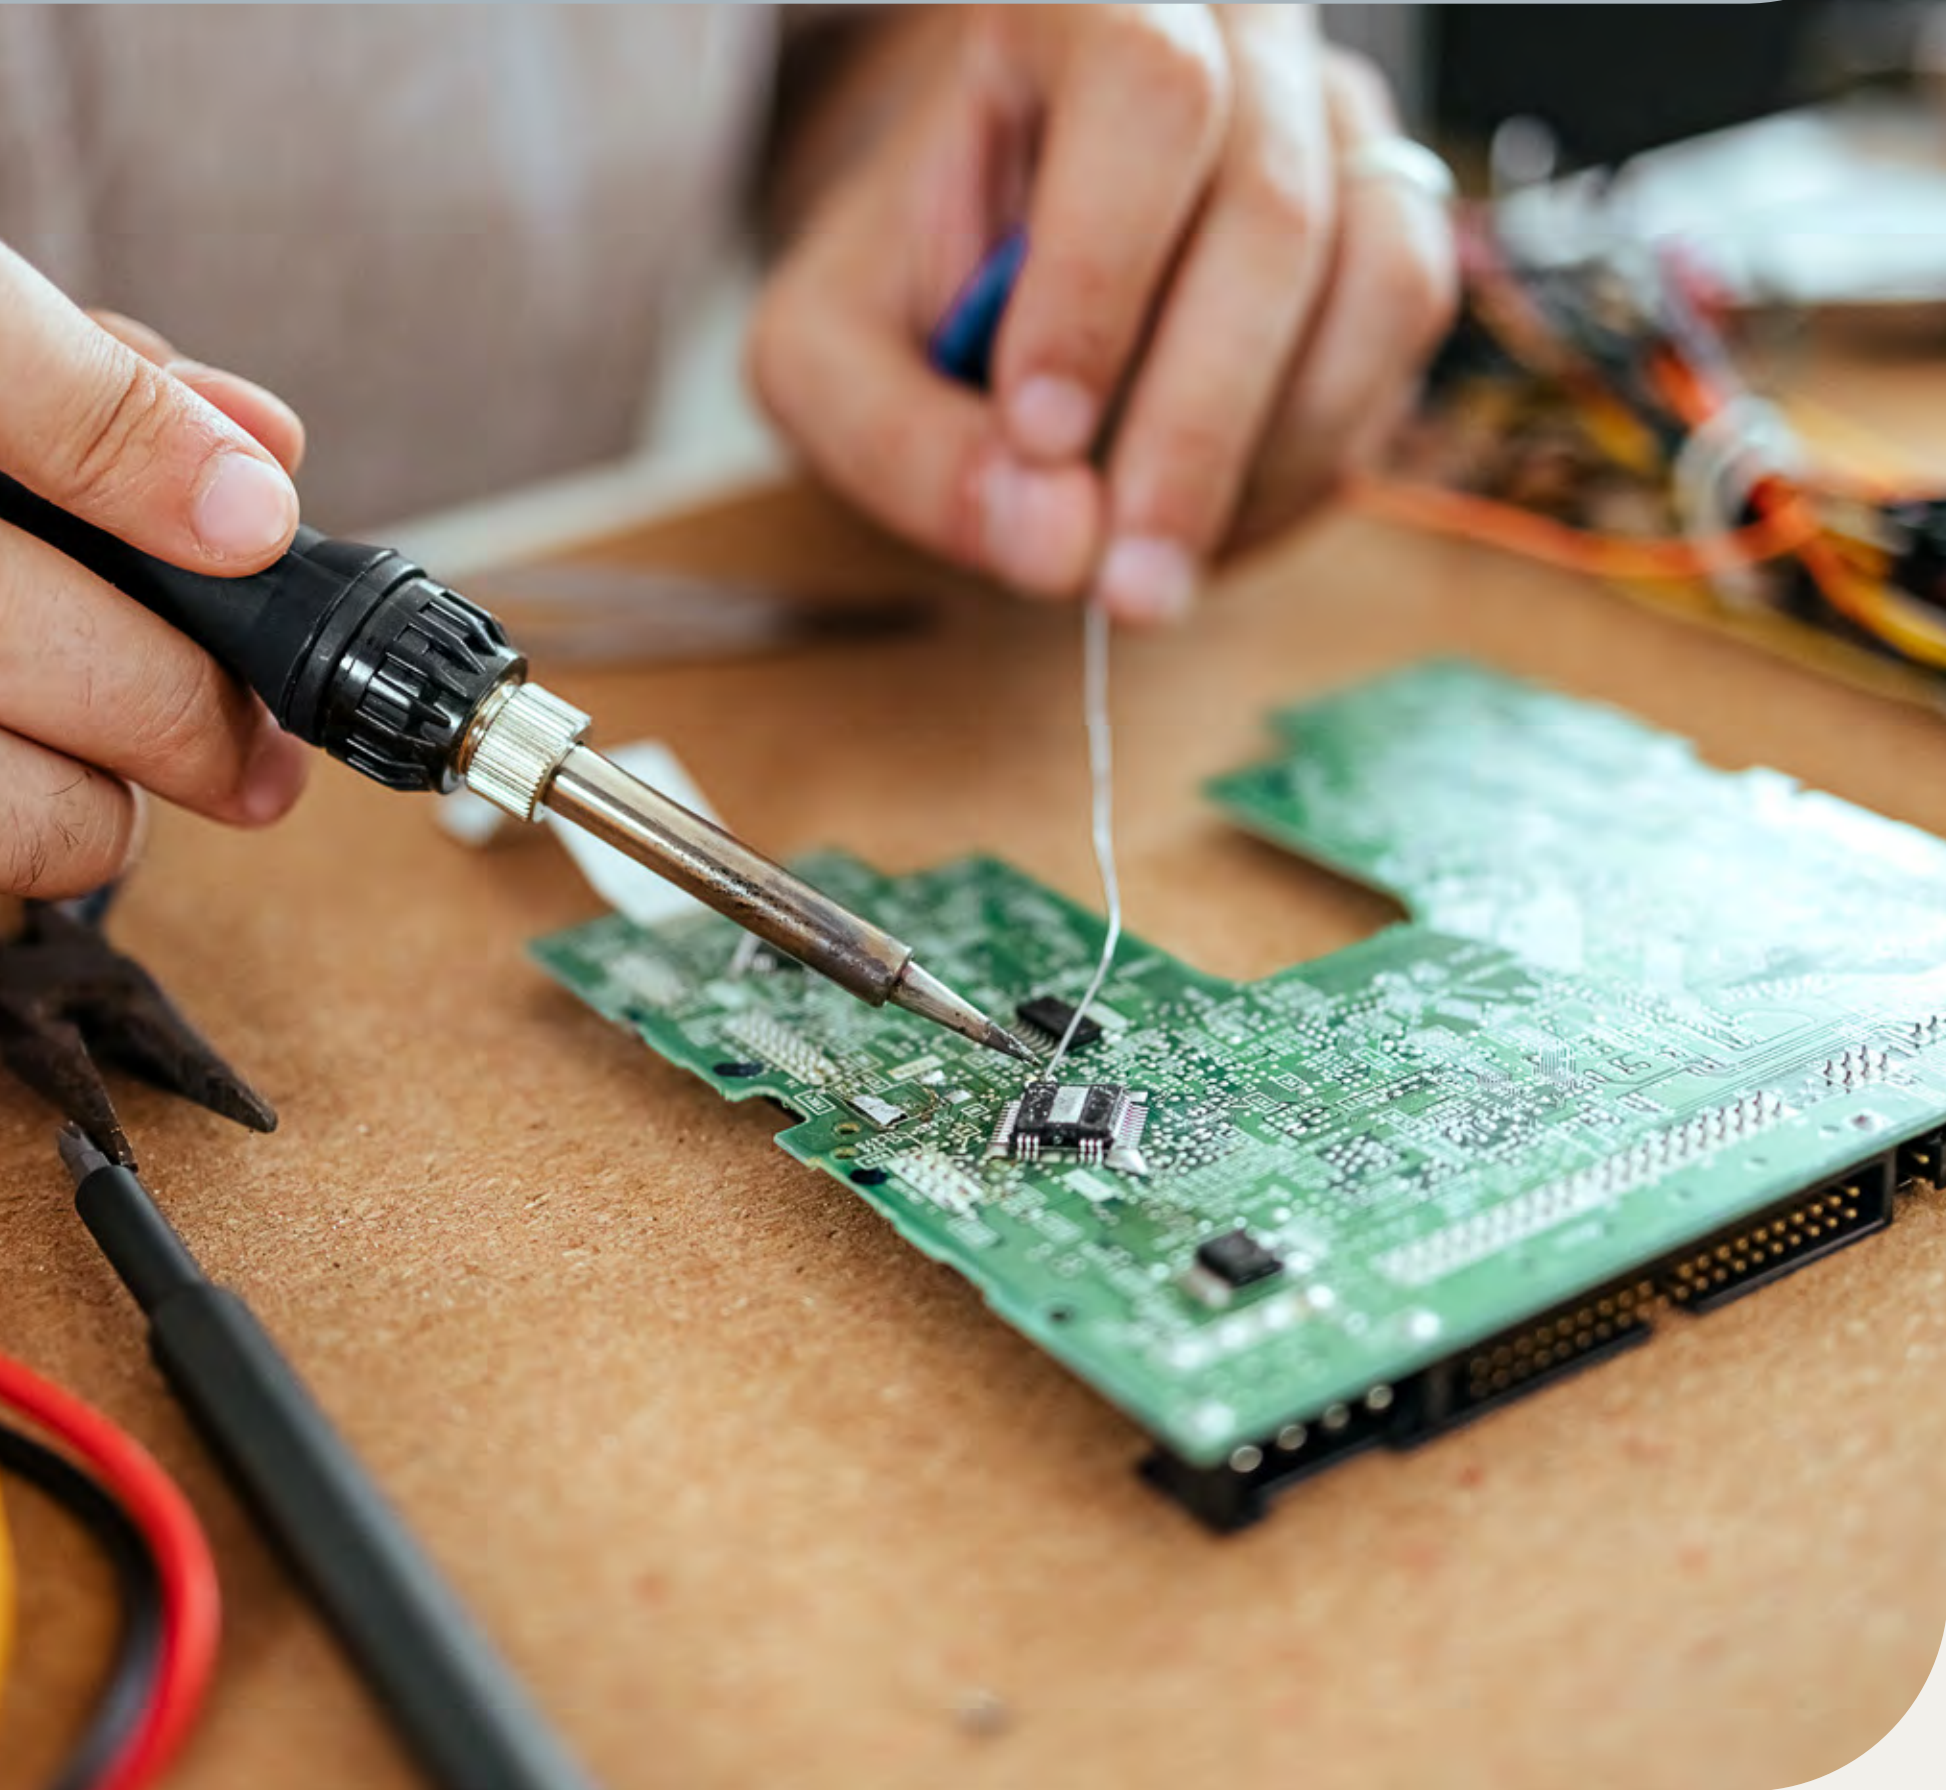

The TV mount is compatible with the VESA standard 200x200 mm and all smaller VESA dimensions

Replacement Soldering Iron

70 W, fast-heating soldering iron for soldering station 78624

70 W

Fast-heating

Electric soldering iron for precision work and clean solder joints on circuit boards, cables, connectors, test setups, etc.

Universally suitable for soldering work in model making, pyrography, electronics repair and work on Raspberry Pi, SMDs or audio equipment

Heats up in a flash: Thanks to the integrated ceramic heater, the 70 W soldering iron reaches the target temperature of the soldering station significantly faster than conventional heating-wire soldering irons

Ergonomic handle: With rubberised non-slip grip for comfortable working even over long periods

Practical design with a cap nut for quick replacement of the soldering tip (tip not included)

Suitable soldering tips: 80476, 80477, 80478, 80479

Cable length to the soldering station: 1.15 m

				Packaging: Retail Box					
Availability	Item no.	EAN	RRP	Pcs./master carton	Pcs./PU	Length	Width	Height	Weight
● exp. from week 27	80480	4040849804809	10.99 €	200	1	17.70 cm	1.90 cm	1.90 cm	0.079 kg

Soldering Tips, Set of 2

replacement soldering tip for soldering station 78624

- Set of 2
- Tip Ø 0.2 mm | 1.6 mm | 2.0 mm
- Fast-heating

Flat soldering iron tip for precision work and clean solder joints on circuit boards, cables, plugs, test setups, etc.

Universally suitable for soldering work in model making, electronics repair and work on Raspberry Pi, SMDs or audio equipment

With integrated heating element and high thermal conductivity for extremely fast heating

Securely attaches to the soldering iron with a union nut for a secure hold and easy replacement of the precision soldering tip

Oxidation-resistant and temperature-resistant soldering tip for exceptional durability

Soldering Tips, Set of 6

3 different models, 2 pieces each, replacement soldering tips for soldering station 78624

- Set of 6
- 3 models, 2 pcs. each
- Fast-heating

Soldering tip set consisting of 2x chisel-shaped, 2x conical and 2x bevelled tips for full flexibility when soldering

Fine soldering iron tips for precision work and clean solder joints on circuit boards, cables, plugs, test setups, etc.

Universally suitable for soldering work in model making, electronics repair and work on Raspberry Pi, SMDs or audio equipment

With integrated heating element and high thermal conductivity for extremely fast heating

Securely attaches to the soldering iron with a union nut for a secure hold and easy replacement of the precision soldering tip

Oxidation-resistant and temperatureresistant soldering tip for exceptional durability

In a robust plastic storage box

				Packaging: Retail Box

Soldering Tips, Set of 5

3 different shapes, replacement soldering tips for soldering iron set 77995

Set of 5

Soldering tip set for beginners and professionals, designed for numerous applications – ideal for clean, fine solder joints on circuit boards, but also for special soldering techniques such as drag soldering

Universally suitable for soldering work in model making, electronics repair and work on Raspberry Pi, SMDs or audio equipment

2x conical soldering iron tips for pinpoint, precise work, perfect e.g. for small SMD components, narrow circuit tracks or corrections to solder joints

2x 45° bevelled tips (chisel shape) for larger contact surfaces and heat concentration, e.g. for through-hole components (THT), cables and PCB soldering

1x blade tip for larger areas, e.g. for drag soldering on circuits with many pins (ICs), removing components or tinning surfaces

				Packaging: Retail Box
